

Licensed Training Provider of the American Red Cross ID: 11G8D8

## First Aid/CPR/AED: Blended Learning Program Overview

The American Red Cross First Aid/CPR/AED program trains participants to respond to breathing and cardiac emergencies, injuries and sudden illness until advanced medical personnel take over.

### What Is Blended Learning?

Ideal for organizations looking to maximize learning and employee work productivity at the same time, the blended learning training option provides greater convenience and efficiency for both employers and participants.

- *Combination of online learning and in-person skills session*
- *Content equivalent to traditional course with less time spent in a classroom*
- *Individuals re-certifying can pre-test out of content they know*
- *Self-paced training can be completed around work responsibilities*
- *2-year, OSHA-compliant certification*

The online learning program takes approximately 2.5 hours to complete, and can be done at the students pace, with proof of successful completion prior to the practical training to be given to your instructor. *Your instructor will not be able to furnish certification without proof that you have successfully completed the online portion.*

Access the online course here: [Red Cross Learning](#)

(<https://www.redcrosslearning.com/course/301040f0-c611-11e6-981d-bb8e5751112f>)

You will be prompted to create a quick log-in and password, and can begin the course immediately. Remember to save a copy of your completed document to show your instructor at the practical training.

The cost of the blended learning course is usually \$99/pp, and non-refundable fees are due upon registration. Alba Baby Concierge LLC accepts Zelle, PayPal, cash or cashier's check. Discounts may apply, your instructor will invoice your payment details in a separate email. **NANNYPALOOZA PRICE\_ \$40\_ you will receive a PAYPAL invoice.**

You may download and print these handy ready reference cards for using during your training, and for quick reference in an emergency.
